INTERNATIONAL MOBILE SUBSCRIBER IDENTITY (IMSI) APPLICATION AND RELATED FORMS PACKAGE
INTERNATIONAL MOBILE STATION IDENTITY (IMSI) APPLICATION AND RELATED FORMS PACKAGE

The forms in this package are used for communication between the IMSI administrator and applicants for and assignees of these resources. All forms for submittal to the IMSI-A can be completed online at IMSIadmin.com/forms. The forms included in this package are:

Form A – Home Network Identity (HNI) Application
Applicants complete, sign, and return this form to apply for an HNI.

Form B – Home Network Identity (HNI) Application Disposition
The administrator uses this form to notify the applicant of the outcome of his/her application, which may be a code assignment, denial, or a request for additional clarifying information.

Form C – Home Network Identity (HNI) Deployment
The recipient of an HNI assignment uses this form to notify the administrator that the assigned code has been deployed.

Form D – Request for Change in Home Network Identity (HNI) Assignment Information
HNI assignees use this form to notify the administrator of a change in any of the assignment information; for example, a change in the name, address, or phone number of the contact person in the company holding the HNI. As a more complex example, this form should also be used to record the transfer of an HNI to a new company, as might happen as a result of a merger or acquisition.

Form E – Confirmation of Change of Home Network Identity (HNI) Assignment Information
The administrator uses this form to acknowledge a change initiated by an HNI assignee through submission of Form D.

Form F – Home Network Identity (HNI) Assignment Return
HNI assignees use this form to return to the pool any HNIs which are no longer required.

Entity requesting assignment: ..............................................................................................................................

Indicate with an X the type of entity requesting the HNI:

☐ Public Network Operator (commercial or government, or its authorized agent operating as a Mobile Virtual Network Operator (MVNO)) offering mobility services in the U.S. with a need to roam onto/from commercial networks or,

☐ Provider of a service profile management system (e.g., HLR, Home AAA) based in the U.S. for end user devices that can access public networks in the U.S.

Indicate the radio interface protocol(s) used by the network equipment or end user devices (may choose more than one):

☐ GPRS
☐ EDGE
☐ W-CDMA
☐ HSPA
☐ 1xRTT
☐ HRPD/EVDO
☐ LTE/LTE Advanced
☐ 5G

Provide Evidence of authorization, if required, from the appropriate federal, state or local authority:

*Wireless license number: ......................................................... Date of issuance: ..........................................................

* Email a copy of the license to the IMSI-A

If applicant determines that no authorization is required state reason:

....................................................................................................................................................................................
....................................................................................................................................................................................
....................................................................................................................................................................................

Is this request associated with a request for multiple mobile network codes (MNCs), per Section 8.4.3?

☐ YES ☐ NO

If YES, please list the other wireless licenses associated with this request

....................................................................................................................................................................................
....................................................................................................................................................................................

-----------------------------------------------

1 This is the name of the entity providing network or service profile management service using the HNI.
Do special considerations apply, per section 8.4.2 or an addendum?

☐ YES    ☐ NO

If YES, please specify the special consideration needed
