CONTRIBUTION

TITLE: Aware, Inc. Patent Statements and Licensing Declarations
SOURCE*: Aware
PROJECT: ADSL2 and DSM

This contribution serves as a notification that Aware has submitted Patent Statements and Licensing Declarations to ATIS for the following documents:

- Asymmetric Digital Subscriber Line (ADSL) transceivers - extended bandwidth (ADSL2plus) based on ITU-T Recommendation G.992.5
 - Dynamic Spectrum Management (DSM) Technical Report
-

The submitted Patent Statements and Licensing Declarations state that, in accordance with Section 3.1.1 (b) of the ANSI Patent Policy, Aware is not prepared to waive its patent rights but would be willing to negotiate licenses with applicants under reasonable terms and conditions that are demonstrably free of any unfair discrimination with respect to patent claims held or controlled by Aware that are essential for compliance on a technological basis with the aforementioned Standards.

If you require any additional information, please do not hesitate to contact me directly at Aware.
