Source: Northern Telecom Inc.

Title: Patent Statement Relating to Proposed American National Standard - Digital Hierarchy Optical Interface Rates and Formats Specifications.

Northern Telecom will grant, on non-discriminatory, reasonable terms and conditions, licenses under its Patent Claims to all users, solely for their use in complying fully with the Standard, on condition that any such user first express willingness to grant to Northern Telecom, for itself and its affiliated companies, on non-discriminatory, reasonable terms and conditions, licenses of similar scope under such user's Patent Claims, if any, for use in complying with the Standard.

Any application for a license under Northern Telecom's Patent Claims pursuant to this Patent Statement should be made to:

Director of Technology, Standards  
And Technical Requirements  
Northern Telecom Inc.  
685A East Middlefield Road  
P. O. Box 7277  
Mountain View, California 94039  
U.S.A.

As used herein,

"Patent Claims" means any patent claim for an invention made prior to the approval of the Standard which is a claim of a patent owned or controlled by the grantor (Northern Telecom or the user) or its affiliated companies, the use of which is essential to meet the Standard and cannot be avoided by those skilled in the art through the exercise of their best efforts.
