**Intrado Policy Regarding
Patent Application 20040184584
(Geographic routing of emergency service call center emergency calls)
and the ESMI Protocol**

Intrado does not believe that Intrado patent application 20040184584 (Geographic routing of emergency service call center emergency calls) has claims covering the work being done within ATIS ESIF Task Force 34 (TF34) on the ESMI protocol.

If, in the future, patent application 20040184584 were found to be related to the ESMI protocol, Intrado would make the patent available per guidelines described within the ATIS patent policy. Specifically, a license under that patent would be made available without compensation to the applicants who need to utilize the license in order to implement the ESMI protocol standard.
